Chapter 1	- Executive summary	
	Introduction -----	1
	Vision - Chapter 2 -----	1
	Regional planning context -----	3
	Problems and opportunities - Chapter 3 -----	3
	Long-term strategy - Chapter 4 -----	4
	Five year strategy - Chapter 5 -----	6
	Accessibility-----	6
	Congestion-----	7
	Safety -----	8
	Air quality -----	9
	Solent Transport Strategy - Chapter 6 -----	9
	New Forest Transport Strategy - Chapter 7 -----	10
	Central Hampshire Transport Strategy - Chapter 8 -----	11
	North Hampshire Transport Strategy – Chapter 9 -----	12
	Five year investment programme	
	2006 to 2011 – Chapter 10 -----	13
	Investment Programme – Chapter 10 -----	14
	Indicators, targets and monitoring – Chapter 11 -----	15
	Appendices-----	16
Chapter 2	- Vision and context for transport	
	Summary -----	17
	Corporate Strategy and Performance Plan-----	19
	Hampshire Community Strategy -----	21
	Transport vision-----	23
	LTP objectives -----	25
	To increase accessibility to services-----	25
	To promote safety-----	25
	To reduce the impact and effect of congestion--	25
	To widen travel choice-----	26
	To contribute towards improvements in air quality-----	26
	To support wider quality of life objectives -----	26
	To encourage value for money and efficient asset management -----	27
	LTP strategy -----	27
	Delivery -----	31
	LTP targets -----	32
	Congestion targets-----	32
	Area transport strategies -----	32
	Consultation and involvement-----	34
	Cross boundary and partnership working -----	35
	Consistency with government policies, objectives and regional policy documents-----	37
	National policies -----	37
	Regional strategies-----	38
	Regional Spatial Strategy - the South East Plan--	38
	Regional Transport Strategy -----	38

	Regional Economic Strategy -----	41
Chapter 3 - Problems and opportunities		
	Introduction -----	43
	Hampshire overview -----	44
	Summary of key problems and opportunities in Hampshire -----	45
	Hampshire as an international gateway -----	47
	Air transport -----	47
	Southampton Airport -----	48
	Bournemouth Airport -----	49
	Heathrow Airport -----	50
	Farnborough Aerodrome -----	50
	Sea transport -----	51
	Ferry services to the Isle of Wight -----	51
	Port of Southampton -----	51
	Port of Portsmouth -----	53
	Summary of the current problems and opportunities relating to Hampshire's role as an international gateway --	53
	Hampshire in a national and regional context -----	55
	Strategic transport networks -----	55
	South East Plan -----	57
	Strategic road network -----	58
	Hampshire's strategic transport network - rail ---	59
	Passenger rail -----	60
	Rail freight -----	61
	Hampshire's strategic transport network - domestic ferry -----	61
	Hampshire's strategic transport network - cross-boundary issues -----	62
	Analysis of cross-boundary issues -----	62
	Summary of key problems and opportunities for Hampshire's strategic road network -----	63
	Summary of key problems and opportunities for Hampshire's strategic rail network -----	65
	Problems of different modes of transport -----	66
	Trends -----	67
	Travel in Hampshire - assessment of different transport and travel modes -----	68
	Car travel -----	68
	Bus use -----	69
	Rail use -----	72
	Walking -----	72
	Cycling -----	73
	Taxis and private hire vehicles -----	75
	Freight distribution -----	76
	Public Service Vehicles -----	77
	Coach travel -----	77
	Motorcycling -----	77
	Wheelchair users -----	78
	Horse riding -----	78
	Summary of key problems and opportunities for	

individual modes -----	79
Hampshire wide themes -----	81
Accessibility-----	81
Summary of key problems and opportunities relating to accessibility -----	83
Safer roads -----	84
Summary of key issues for road safety-----	86
Economy-----	87
Social-----	89
Health-----	91
Access to hospitals -----	92
Access to doctors -----	93
Summary of the key problems for economic and social exclusion-----	93
Environment -----	93
Strategic Environmental Assessment-----	94
Climate change -----	94
Air quality -----	95
Noise-----	95
Biodiversity -----	96
Landscape -----	96
Water -----	97
Flood risk and management -----	97
Material assets -----	98
Renewable energy-----	98
Summary of key problems and opportunities for environmental issues -----	98
Learning from past experience -----	100
Cycling-----	101
InfoMotion -----	102
Personalised journey planning-----	102
Trafalgar 200 -----	103
Chapter 4 - Long-term strategy	
Summary -----	105
Background -----	106
The South East Plan -----	106
Fareham-Gosport-Portsmouth Light Rapid Transit -----	107
Ongoing research work-----	108
Localised long-term strategies -----	108
Strategic route hierarchy -----	110
Format of the long-term strategy -----	110
Overarching strategy -----	111
Long-term Road Safety Strategy-----	114
Strategic Road Network -----	116
Trunk road network-----	116
Other national primary routes -----	117
Other strategic roads-----	117
Long-term area strategies -----	118
Solent Transport Strategy -----	118
Accommodating Growth-----	120

Addressing congestion-----	121
Local hubs and spokes – the “two wheel” approach -----	124
Better use of motorways-----	129
Demand management measures-----	129
Smarter choices -----	130
Access to ports and interchanges -----	130
Air travel -----	132
Access to the Gosport and Fareham peninsula--	132
Access to town centres and the rural hinterland-	133
Central Hampshire Transport Strategy -----	134
Managing the need to travel by promoting the self-containment of town centres -----	135
Managing travel demands in Winchester-----	135
Improving rural accessibility to local facilities and services, and reducing the impact of traffic in the rural areas -----	136
Ensuring appropriate infrastructure is provided in association with development -----	136
Improving accessibility in East Hampshire – Petersfield, Alton and Whitehill/Bordon -----	137
North Hampshire Transport Strategy -----	138
South East Plan -----	138
Regional hubs -----	139
Regional Transport Spokes -----	139
New Forest Transport Strategy -----	141
Ongoing protection of the New Forest as a nationally important area for leisure and nature conservation -----	142
Accommodating and managing the impacts of Visitors to the New Forest -----	142
Maximising access to services and employment, particularly recognising the rural nature of the New Forest -----	143
Addressing the negative impacts of traffic in the New Forest-----	143
Developing and building on existing partnerships-----	144
Chapter 5 - Five year strategy	
Summary -----	145
Five year strategy – Accessibility -----	148

Summary -----	148
Vision and objectives-----	149
Hampshire County Council’s accessibility strategy -----	153
Stage one Accession – completed 2005/06 -----	155
Stage two data collection and analysis 2006/07 and 2007/08 -----	156
Population profile and travel need-----	156
Assessment of travel choice-----	157
Inventory of local facilities -----	157
Local steering group-----	158
Survey of residents -----	159
Community street audits-----	159
Physical barriers and the built environment -----	161
Stage three – prioritisation and programme – 2005/06 to 2006/07-----	161
Stage four – produce individual access plans-----	162
Long-term strategies-----	163
Physical barriers-----	163
Coordinated travel planning -----	166
Accessibility and the Hampshire Passenger Transport Strategy-----	167
Rural Pathfinder -----	169
Road safety, crime and personal security -----	170
Improving mobility-----	171
Equalities-----	172
Countryside access-----	173
Stage five: Develop a local action programme of measures -----	177
Stage six: Targets, monitoring and review -----	178
Review -----	178
Whitehill and Bordon accessibility pilot-----	178
Summary of Framework Accessibility Strategy -----	180
Five year strategy – Congestion-----	182
Introduction -----	182
Review of problems and opportunities -----	182
Approach to congestion -----	185
Reducing the need to travel -----	189
Strategic land use planning -----	189
Development control policies -----	189
Travel planning-----	190
Smarter working -----	191
Investment in reducing the need to travel and smarter choices-----	192
Making better use of the network -----	192
The Traffic Management Act 2004 and network duty -----	192
Investment in asset management-----	195
Intelligent transport systems (ITS)-----	196
ITS investment programmes-----	198

Physical and financial demand management -----	199
Investing in improved choice and increasing capacity -----	200
Direct action -----	201
Tackling congestion direct action investment programme -----	201
Indirect action -----	202
Modelling and studies -----	202
Public transport improvements -----	203
Investment strategy for public transport -----	205
Promoting passenger transport -----	205
Blackwater Valley Travelcard -----	207
Walking and cycling -----	208
Walking and cycling investment -----	208
Port of Southampton -----	208
Short sea shipping – feeder -----	209
Summary of congestion strategy -----	212
Five year strategy – Safety -----	214
Introduction -----	214
Recent road casualty trends and five year local target setting -----	215
Casualty reduction programmes -----	218
Safety and Road User Auditing -----	219
Child safety -----	220
Child casualties and deprivation -----	221
Safer Routes to School -----	222
Road safety awareness -----	222
Education, training and publicity -----	223
Speed management and enforcement -----	223
Safety through asset management -----	224
Safety investment programme -----	225
Summary of safety strategy -----	226
Air quality -----	228
Links between air quality and wider policy objectives -----	233
Integration of Air Quality Action Plans into the LTP -----	236
Consultation -----	236
Targets -----	237
Basingstoke -----	238
Eastleigh -----	239
Fareham -----	248
Farnborough -----	250
Lyndhurst -----	251
Totton -----	261
Winchester -----	269
Air quality investment programme -----	279
Environmental strategy -----	279
Strategic Environment Assessment -----	279
Environmental policy -----	280
Consideration of strategic alternatives in	

in the SEA -----	280
To enhance biodiversity, protect habitats and species and prevent loss and fragmentation -----	285
To reduce air pollution -----	285
To maintain and enhance landscape character and built environment -----	286
To protect and enhance the surface and groundwater quality -----	286
To conserve soil resources and quality -----	286
To reduce the emissions of greenhouse gases----	287
To minimise the risk of flooding-----	287
To reduce noise and light pollution-----	287
To protect and enhance buildings, Archaeological and historical sites, parks and gardens -----	287
To improve overall levels of health and reduce disparities-----	288
To reduce crime and promote community safety-----	288
To improve opportunities for access -----	288
To improve road safety -----	288
To encourage the appropriate use of previously developed land-----	289
To reduce the amount of waste -----	289
To increase energy efficiency and renewable energy-----	289
To promote the use of sustainable resources ----	289
Protecting and enhancing the countryside-----	289
Reducing road travel, congestion and car use ----	289
Sign clutter -----	290
Summary of air quality strategy -----	292
Chapter 6 - Solent Transport Strategy	
Summary -----	294
Sub-regional context -----	294
Local transport planning-----	295
Vision and objectives-----	295
Vision for the Solent sub-regional area-----	295
Objectives for the Solent area -----	302
Accessibility-----	302
Congestion-----	302
Road safety-----	303

Air quality -----	303
Solent Transport Strategy area -----	304
Public perceptions and attitudes in the Solent area -----	307
Problems, issues and opportunities -----	308
Hampshire as an international gateway -----	308
Sea transport -----	308
Ferry services to the Isle of Wight -----	308
Port of Southampton -----	308
Port of Portsmouth -----	310
Air transport – Southampton Airport -----	311
Summary of the current problems and opportunities relating to Hampshire’s role as an international gateway ----	313
Opportunities in the Solent Transport Sub-Regional Strategy area -----	314
Solent Transport partnership and other partnerships -----	314
Fareham-Gosport-Portsmouth Light Rapid Transit -----	314
South East Plan -----	315
Policy SH11: Sub-regional transport strategy --	315
Policy SH12: Transport management and integration -----	316
Solent Strategic Transport Model -----	317
Intelligent transport systems -----	317
Smarter travel choices -----	317
Solent Transport Strategy area -----	318
Hampshire -----	320
Problems and issues in the Solent sub-regional area -----	320
Road traffic growth and land use developments -----	320
Public transport provision -----	322
Social issues -----	323
Accessibility -----	323
Environment -----	324
Local problems, issues and opportunities -----	325
Access to the Fareham-Gosport peninsula ----	325
Gosport Borough -----	329
Fareham -----	330
Whiteley and Segensworth -----	332
Havant and Waterlooville -----	333
Eastleigh -----	334
Hamble peninsula -----	336
Totton and Waterside -----	337
Romsey and Southern Test Valley -----	339
Rural areas -----	339
Summary of key local problems and opportunities -----	341
Transport strategy -----	344
Long-term Solent Transport sub-regional strategies -----	344
Local hubs and spokes – the “two wheel”	

approach -----	346
Better use of motorways-----	350
Demand management measures-----	350
Smarter choices -----	350
Access to ports and interchanges -----	351
Air travel -----	352
Access to town centres and the rural hinterland -----	353
Five year Solent Transport Sub-Regional Strategy -----	354
Wider transport issues supporting Southampton and Portsmouth -----	354
Solent Transport Strategy-----	355
Access to the Fareham-Gosport peninsula ----	355
Gosport -----	357
Fareham -----	358
Whiteley and Segensworth -----	358
Havant and Waterlooville -----	361
Eastleigh-----	362
Hamble peninsula-----	364
Totton and Waterside -----	365
Romsey and southern Test Valley-----	366
Rural areas -----	367
Five year investment plan -----	367
2006/07 -----	368
A27 Botley Road, Hedge End bus access-----	368
Hythe town centre-----	368
Wecock Farm – Southsea QBP -----	369
Southampton – Waterside QBP-----	369
Eastleigh QBP (Derby Road – Passfield Avenue)	369
Emsworth town centre accessibility -----	369
Hythe Pier maintenance -----	369
Lee-on-the-Solent sustainable suburbs-----	370
Titchfield High Street (Country Towns Initiative)-----	370
Whiteley accessibility-----	370
Yew Tree Drive, Whiteley-----	370
2007/08 -----	370
Stubbington centre -----	371
Broadmarsh-----	371
Hedge End – Southampton Quality Bus Partnership-----	371
Beeches Hill, Bishops Waltham -----	371
A3090 Winchester Road/Cupernham Lane, Romsey traffic signals -----	372
Gosport – Fareham Quality Bus Partnership ---	372
Witherbed Link and Segensworth roundabout --	372
Fareham Western Wards Western Distributor Road (Schooner Way to Warsash Road) -----	372
Hythe Pier maintenance (07/08) -----	372
Havant – Waterlooville Quality Bus Partnership	372
Access to Gosport – A32-----	373

	Key Schemes 2008/09 – 2010/11 -----	373
	Access to Gosport-----	373
	Localised junction schemes -----	373
	Access to Gosport – Quay Street/Fareham AQMA -----	373
	Access to Gosport – A32 junctions with Salterns Lane and Mill Road -----	374
	Access to Gosport – Newgate Lane junctions with Longfield Avenue and Speedfield-----	374
	Access to Gosport - Peel Common-----	374
	Access to Gosport – Delme roundabout -----	374
	Eastleigh town centre/AQMA -----	374
	Totton AQMA and access -----	375
	Havant Station bridge-----	375
	Archers Road footbridge-----	375
	Access to Hamble -----	376
Chapter 7 -	New Forest Area Transport Strategy	
	Introduction to the New Forest Transport Strategy area -----	377
	Description of the New Forest Transport Strategy area -----	377
	Public perceptions and attitude in the New Forest -----	380
	Problems and issues -----	381
	Visitor pressure and National Park designation -----	381
	Lyndhurst congestion and Air Quality Management Area: Operation of the New Forest Road Network group-----	381
	Heavy goods vehicles -----	382
	Access to services, especially health care-----	383
	Animal casualties-----	383
	Community severance and safety -----	384
	Development pressures from South East Dorset and the South East -----	384
	Impact of development at Bournemouth Airport-----	385
	Review of the road hierarchy -----	385
	Summary of key problems, issues and actions for the New Forest Transport Strategy area-----	386
	Opportunities -----	388
	National Park designation and partnership working-----	388
	Demand management: car-free tourism-----	389
	Decriminalised Car Parking Enforcement And visitor parking-----	390
	Visions and objectives and long-term strategy-----	391
	The existing New Forest Transport Strategy (NFTS, 2003) -----	391
	Vision and objectives for the New Forest -----	392
	Long-term strategy-----	393
	1 – Ongoing protection of the New Forest	

as a nationally important area for leisure and nature conservation -----	393
2 – Accommodating and managing the impacts of visitors to the New Forest -----	394
3 – Maximising access to services and employment, particularly recognising the rural nature of the New Forest -----	395
4 – Addressing the negative impacts of traffic in the New Forest -----	395
Schematic mapping -----	397
Five year strategy -----	399
New Forest Transport Strategy -----	399
Lyndhurst -----	399
Ringwood -----	400
Fordingbridge -----	400
Lymington -----	401
Brockenhurst -----	401
New Milton and other coastal towns -----	401
National Park and wider New Forest -----	402
Demand management: car-free tourism -----	403
Capital programme -----	403
2006/07 programme: description of schemes -----	404
New Milton, Market Town improvements:	
Country Town Initiative -----	404
New Street, Lymington: town centre accessibility -----	404
New Forest car free tourism: New Forest Tour -----	404
Northern New Forest: HGV restrictions (B3078/79/80) -----	405
Quomp, Ringwood: road closure -----	405
Ampress to Lymington town centre: cycle and pedestrian route -----	406
2007/08 and future capital programmes -----	406
Lyndhurst and southern New Forest routeing strategy and management -----	406
Accession Partnership: access to health care pilot -----	407
Chapter 8 – Central Hampshire Transport Strategy	
Description of the Central Hampshire Transport Strategy area -----	408
Problems and opportunities -----	410
South East Plan -----	411
Winchester City -----	411
Andover -----	413
Alton -----	414
Whitehill/Bordon -----	416
Petersfield -----	416
Rural area and smaller settlements -----	418
Summary of key problems in the Central Hampshire Transport Strategy area -----	419

Vision and objectives -----	420
Long-term transport strategy -----	421
Accessibility-----	421
Congestion-----	422
Safety-----	422
Air quality -----	422
Reduce, manage and invest-----	423
Reduce-----	423
Manage -----	424
Invest -----	425
Winchester long-term strategy-----	427
Winchester city five year programme (capital funding only) -----	429
2006/07 -----	429
Winchester VMS for car parks-----	429
Winchester and Andover hospitals Accessibility pilot -----	429
2007/08 -----	429
South Winchester park and ride -----	429
2008/11 Schemes being considered -----	430
Winchester to Springvale (The Worthys) Quality Bus Partnership -----	430
Quality Bus Partnerships – Badger Farm – Winnall and Stanmore - Harestock -----	430
Winchester city centre accessibility -----	431
Winchester city five year programme - feasibility studies -----	431
City centre traffic circulation review -----	431
Romsey Road, footbridge over rail line-----	431
Andover Road, footbridge over rail line -----	431
Andover long-term strategy-----	432
Andover five year programme (capital funding only)-----	433
2006/07 -----	433
Quality Bus Partnerships -----	433
Monxton Road to John Hanson School - Pedestrian and cycle route-----	433
Winchester and Andover hospitals Accessibility pilot -----	434
2007/08 -----	434
Andover town centre accessibility -----	434
2008/09 – 2010/11 schemes being considered-----	434
Winton School Campus – town centre Pedestrian and cycle access-----	434
Andover bus station -----	434
Hundred Acre Corner junction improvement -	435
Andover five year programme – feasibility -----	435
Alton, Whitehill/Bordon and Petersfield-----	435
Alton, Whitehill/Bordon and Petersfield five year Programme (capital funding only)-----	436
2006/07 -----	436

Alton town centre accessibility -----	436
Charles Street/Lavant Street (station to Penns Place), Pulens Lane to Tor Way, Petersfield----	436
2008/09 – 2010/11 schemes being considered-----	437
Alton (The Butts junction and other Improvements)-----	437
Access strategies for rail stations -----	437
Alton, Whitehill/Bordon and Petersfield five year programme - feasibility -----	437
Whitehill/Bordon-----	438
Petersfield town centre accessibility -----	438
Rural area and smaller settlements – long-term strategy ----	438
Rural area and smaller settlements five year programme (capital funding only)-----	439
2006/07 -----	439
Selborne village initiative -----	439
Hursley village initiative-----	439
2008/09 – 2010/11 schemes being considered-----	439
Access strategies for rail stations -----	439
Village transport initiatives -----	440
Kings Worthy-----	440
Jacklyn’s Lane rail bridge, Alresford -----	440
Enham Alamein-----	440
Test Valley -----	440
A3 Hindhead -----	440
Rural areas and smaller settlements five year Programme - feasibility -----	441
A325 Farnham - Greatham-----	441
Chapter 9 - North Hampshire Transport Strategy	
Description of the North Hampshire Transport Strategy area -----	442
General description-----	442
National and regional perspective -----	443
Blackwater Valley -----	443
District Characteristics-----	444
Basingstoke and Deane -----	444
Rushmoor-----	445
Hart -----	446
Problems and issues-----	447
Basingstoke and Deane -----	448
Congestion-----	448
Accessibility-----	449
Road safety-----	449
Air quality -----	449
Rushmoor-----	449
Congestion-----	449
Accessibility-----	450
Road safety-----	451
Air quality -----	451

Hart -----	452
Congestion -----	452
Accessibility -----	452
Road safety -----	452
Air quality -----	452
North Hampshire – smaller settlements and rural areas -----	453
Vision and objectives -----	454
Vision -----	454
Objectives -----	455
Long-term strategy -----	456
South East Plan -----	457
Regional hubs -----	457
Regional transport spokes -----	458
Area specific long-term transport strategy -----	459
Basingstoke Transport Strategy -----	459
Basingstoke land use and transport model -----	460
Reduce -----	460
Manage -----	460
Invest -----	461
Rushmoor long-term strategy -----	462
Reduce -----	463
Manage -----	464
Invest -----	465
Hart -----	465
Reduce -----	466
Manage -----	466
Invest -----	467
Five year action plan -----	468
Five year action plan - revenue -----	468
Basingstoke five year action plan (capital funding only) -----	470
Timberlake Road subway improvements -----	470
Brighton Hill – missing footways -----	470
Chapel Hill pedestrian crossing -----	471
Alencon Link -----	471
2007/08 -----	471
A30 Winchester Road roundabout -----	471
Quality Bus Partnership – Line 2 -----	472
B3400 (Oakley, Overton and Whitchurch Community Street Audit) -----	472
A340 Aldermaston Road -----	472
2008/09 – 2010/11 schemes being considered	473
Five Ways junction – Old Basing -----	473
Worting Road pedestrian crossing (Morrisons) -----	473
A339/A343 -----	473
New Road and New Street -----	473
Second LTP Basingstoke – rolling programme of works -----	473
Basingstoke town access plan -----	473

Basingstoke intelligent transport systems -----	474
Basingstoke subway improvement/removals --	474
Basingstoke missing footways -----	474
Basingstoke missing cycle links -----	474
Basingstoke five year action plan – feasibility studies -----	475
The costs and benefits of a Basingstoke Western bypass -----	475
Farnborough and Aldershot five year action Plan (capital funding only)-----	476
2006/07 -----	476
North Camp traffic management (phase II)---	476
Farnborough town centre access plan -----	477
Selected Vehicle Detection at traffic signals, Aldershot (Route 1) -----	477
2008/09 – 2010/11 schemes being considered	477
Aldershot Quality Bus Partnership-----	477
Rushmoor community street audits-----	477
Route 3, Quality Bus Partnership -----	478
Regeneration of Older Urban Areas, Cove -----	478
Aldershot access plan -----	478
Rushmoor intelligent transport systems scheme -----	478
Strategic road network - improvements-----	478
Farnborough Main (interchange)-----	479
Farnborough and Aldershot five year action plan - feasibility -----	479
Hart five year action plan (capital funding only)-----	480
2006/07 -----	480
B3272 Yateley traffic management-----	480
Holt Lane cycleway, Hook -----	480
Completion of missing footpath, Sandhurst Road, Yateley-----	480
2007/08 -----	481
B3272 Eversley corridor traffic management --	481
Hart village severance issues -----	481
Hart missing cycle links -----	481
Remaining years (2008-11) -----	481
Hart pedestrian strategy-----	481
Fleet station interchange-----	481
Access to Hook and Winchfield rail stations---	482
Fleet access plan -----	482
Fleet and smaller settlements five year action Plan – feasibility-----	482
Chapter 10 - Investment Programme 2006 to 2011	
Summary -----	484
Investment programme – guidance-----	485
Development of the capital investment programme-----	485
Major Schemes -----	489

Overall investment programme 2006 to 2011-----	490
Proposed capital programme -----	490
Elements of the capital programme	
(integrated transport)-----	490
Safety (including Safer Routes to School)-----	491
Access and air quality -----	491
Congestion -----	492
Others -----	493
Shape of programme -----	495
Possible reward funding programme -----	497
Maintenance and bridges programme -----	498
Revenue programmes -----	499
Partnership working and external funding-----	500
Programme management and value for money -----	500
Draft Hampshire Transport Asset Management Plan -----	
(HTAMP) -----	501
Asset management overview-----	501
Life cycle planning-----	503
Network plans-----	503
Current practises -----	504
Existing maintenance strategy -----	504
Revenue and capital maintenance funding-----	505
Procurement-----	506
Data and processes -----	507
Capital maintenance programmes and	
planning -----	508
Measurement and review -----	509
The challenges-----	510
Chapter 11 - Indicators, Targets and Monitoring	
Introduction -----	512
Approach -----	513
Monitoring strategy-----	514
Indicators and targets -----	514
LTP2 mandatory indicators -----	515
LTP2 local indicators-----	516
Total killed and seriously injured casualties (BVPI 99 (X)) -	517
Aims and objectives -----	517
Target-----	517
Trajectories -----	518
Rationale -----	518
Hampshire County Council actions-----	519
Stakeholder actions -----	521
Risks -----	521
Managing risks-----	522
Child killed and seriously injured casualties (BVPI 99)Y) ---	523
Aims and objectives -----	523
Target-----	523
Trajectories -----	524
Rationale -----	524
Hampshire County Council actions-----	524
Stakeholder actions -----	525

	Risks -----	525
	Managing risks-----	526
Total slight casualties-----		527
	Aims and objectives -----	527
	Target-----	528
	Trajectories -----	528
	Rationale -----	528
	Hampshire County Council actions-----	529
	Stakeholder actions-----	529
	Risks -----	529
	Managing risks-----	530
Accessibility (LTP1)-----		531
	Aims and objectives -----	531
	Headline target -----	532
	Intermediate outcome target-----	532
	Trajectories -----	532
	Headline (accessibility)-----	532
	Intermediate (severance)-----	532
	Rationale -----	532
	Hampshire County Council actions-----	534
	Stakeholder actions-----	537
	Risks -----	538
	Managing risks-----	538
Air quality – Winchester (LTP8/3) -----		539
	Aims and objectives -----	539
	Headline target -----	539
	Intermediate outcome targets-----	539
	Trajectories -----	540
	Intermediate (traffic) -----	541
	Intermediate (travel plans)-----	542
	Intermediate (school travel) -----	543
	Rationale -----	543
	Hampshire County Council actions-----	544
	Stakeholder actions-----	545
	Risks -----	545
	Managing risks-----	546
Air Quality – Eastleigh (LTP8/4)-----		548
	Aims and objectives -----	548
	Headline target -----	548
	Intermediate outcome targets-----	548
	Trajectories -----	549
	Headline (pollution) -----	549
	Intermediate (traffic) -----	549
	Intermediate (travel plans)-----	550
	Intermediate (school travel) -----	551
	Rationale -----	551
	Hampshire County Council actions-----	552
	Stakeholder actions-----	553
	Risks -----	553
	Managing risks-----	554
Air quality – Totton (LTP8/4) -----		556

Aims and objectives -----	556
Headline target -----	556
Intermediate outcome targets -----	556
Trajectories -----	557
Headline (pollution) -----	557
Intermediate (traffic) -----	557
Intermediate (travel plans) -----	558
Intermediate (school travel) -----	559
Rationale -----	559
Hampshire County Council actions -----	560
Stakeholder actions -----	561
Risks -----	561
Managing risks -----	562
Air quality Lyndhurst (LTP8/4) -----	564
Aims and objectives -----	564
Headline target -----	564
Intermediate outcome targets -----	564
Trajectories -----	564
Headline (pollution) -----	564
Intermediate (traffic) -----	565
Rationale -----	566
Hampshire County Council actions -----	567
Stakeholder actions -----	568
Risks -----	568
Managing risks -----	569
Road and footway condition (BVPI 96/BVPI 223/ BVPI 224A/BVPI 97B/BVPI 224B/BVPI 187) -----	570
Aims and objectives -----	570
Headline targets -----	570
Trajectories -----	571
Rationale -----	573
Hampshire County Council actions -----	574
Stakeholder actions -----	575
Risks -----	575
Managing risks -----	576
Public Transport Patronage (VAR 102 ALL BVPI 102) -----	577
Aims and objectives -----	577
Target -----	577
Trajectory -----	578
Rationale -----	578
Hampshire County Council actions -----	580
Stakeholder actions -----	581
Risks -----	582
Managing risks -----	582
Satisfaction with local bus services -----	583
Aims and objectives -----	583
Target -----	583
Trajectory -----	583
Rationale -----	584
Hampshire County Council actions -----	584
Stakeholder actions -----	585

	Risks -----	586
	Managing risks-----	586
Change in area wide traffic mileage (LTP2) -----		587
	Aims and objectives -----	587
	Target-----	587
	Trajectory -----	587
	Rationale -----	588
	Hampshire County Council actions-----	591
	Stakeholder actions-----	592
	Risks -----	592
	Managing risks-----	592
Cycling Trips (LTP3)-----		593
	Aims and objectives -----	593
	Target-----	593
	Trajectory -----	594
	Rationale -----	594
	Hampshire County Council actions-----	597
	Stakeholder actions-----	598
	Risks -----	598
	Managing risks-----	599
Mode share of journeys to school (ages 5-16) (LTP4)-----		600
	Aims and objectives -----	600
	Targets-----	600
	Trajectory -----	600
	Rationale -----	601
	Hampshire County Council actions-----	602
	Stakeholder actions-----	604
	Risks -----	605
	Managing risks-----	605
Bus punctuality-----		606
	Aims and objectives -----	606
	Target-----	606
	Trajectory -----	606
	Rationale -----	607
	Hampshire County Council actions-----	608
	Stakeholder actions-----	609
	Risks -----	609
	Managing risks-----	609
Pedestrian crossings with facilities for Disabled people (BVPI 165) -----		611
	Aims and objectives -----	611
	Target-----	611
	Trajectory -----	612
	Rationale -----	612
	Hampshire County Council actions-----	612
	Stakeholder actions-----	614
	Risks -----	614
	Managing risks-----	614
Satisfaction with local public transport Information (BVPI 103) -----		615
	Aims and objectives -----	615

Target-----	615
Trajectory-----	615
Rationale-----	615
Hampshire County Council actions-----	616
Stakeholder actions-----	617
Risks-----	617
Managing risks-----	617
Travel plan coverage (proportion of Workforce) (LTPOC5)	618
Aims and objectives-----	619
Target-----	619
Trajectory-----	620
Rationale-----	620
Hampshire County Council actions-----	621
Stakeholder actions-----	621
Risks-----	622
Managing risks-----	622
Travel plan coverage (proportion of those in Full-time education 5-16yrs) (LTPOC6)-----	623
Aims and objectives-----	623
Target-----	623
Trajectory-----	624
Rationale-----	624
Hampshire County Council actions-----	624
Stakeholder actions-----	625
Risks-----	625
Managing risks-----	626
